East High's Golden Years

East High was founded in 1861, moved into its present building on May 17, 1912.

The motto, "For The Service of Humanity," was submitted by Charles Cummings in response to a contest for the most appropriate motto.

To describe the building, it is significant to note that all the entrances are patterned after old classic models. The front entrance is patterned after the north portico of the Erechtheum; the northeast door from the Tower of Winds; the southwest from the Parthenon; and the southeast from the Temple of Neptune, Paestum. The architects were Proudfoot, Bird, and Rawson. East High is truly a masterpiece of architecture.

The ivy at the front of the building was donated by Vincent Starzinger in 1915.

Miss May Goodrell was an active part of East for over 65 years. To her, East High will always owe a lasting debt of gratitude.

In 1894 Miss Millicent Cuplin, a teacher at East, was successful in having football adopted as a school sport.

A winner never quits, a quitter never wins. This is the best way to describe the people of Lee Township. They knew what they wanted and worked for it . . . East High School.

15th Spotlight Parade

Some of the tradition and spirit of East High was developed early in the long history of the school. It took many people many years to establish East High at the top of the ranks of all schools. **Top left:** Moving into the present building from the old in 1912. **Lower left:** East High School, building of tradition, alumni of honor, students of pride and glory. **Upper right:** The Roaring Twenties brought short skirts, fast dances, and loud colors to East. **Lower right:** School grows to accommodate larger enrollment—1953.

..... *For The Service of Humanity*

East High School has won the city championship in football eleven times in the last twenty-five years, five in succession.

In 1941 East entered into the Big Seven Football Conference, now known as the Big Six.

The year 1947 marked the beginning of baseball at East High. Mr. Goodwin, math teacher, was East's first baseball coach.

That same year a group of aggressive men decided East High needed its own stadium. The East Des Moines Kiwanis began the Spotlight Parade. In only fifteen years the Spotlight, under the direction of Miss Sylpha Snook, has built our stadium, purchased an organ for the school and many other wonderful things.

The Spotlight Parade brings the largest audience of the year to the KRNT Theater, proof of the wonderful organization of East High's alumni.

Along with our stadium, in 1953 our new addition was begun under the direction of the architects Wethrell and Harrison.

In the past twenty-five years many things have been added to East High School. The Majorettes, Flag Twirlers, girl cheerleaders, and the Scarlet Steppers were all organized.

In 1961 the school crowned its first Alumni Queen. Miss Dixie Lovell reigned over East. Miss Carol Haney, our present queen, was elected at the annual Alumni Assembly, in the fall of 1961.

Portrays East's History

The desire for school activities brought a beautiful stadium, the thrill of competition developed athletics, and the desire for people to be free brought men to fight. Upper left: Victory in the Pacific. The raising of Old Glory on Iwo Jima, 1945. Man's desire to be free won against overwhelming odds. Lower left and right: Dreams become reality. Stadium built through efforts of the East Des Moines Kiwanis. Upper right: The Scarlets remain on top in the realm of sports.

MR. D. Q. WILLIAMS, Principal

Mr. D. Q. Williams is a man of great ability and ambition. Because of these virtues, he has been of great value to East High.

Upon graduation from Columbia University, he taught in the physical education department at Boone. Shortly after he came to East as a coach, Mr. Williams served as vice-principal before becoming principal.

Helping Mr. Williams is Mr. Wendell Webb, vice-principal and boys' adviser. He assists boys with any problems that may arise.

Mrs. Ione T. Baal, the girls' adviser, supervises the senior activities, and gives a helping hand to the girls.

Many rewards have come from the fine services these three administrators have given, not only to the school, but also to each student and faculty member.

George Rudasill and Nancy McCarney look on as Mr. Dolan explains relationships among the basic languages.

Above, we see Judy Tucker and Charlene Knapp working on an English research project.

If you walk down the hall and hear sounds of music, you are most likely passing a language class. With the aid of a new record player, tape recorders, and ear-phones, they are learning the basic phonics of the language much faster than ever before.

The most important task is to be able to talk correctly and easily.

In many English classes, students are studying the required grammar and spelling as well as studying Julius Caesar and Silas Marner.

Many teachers are requiring term papers, and many juniors and seniors write research papers.

During the semester, many students have participated in city-wide essay contests of various types. East has had many winners in these contests.

Highlights in History Classes

Mr. Carlson shows an early spot of civilization in the world's history to Mike Downey.

History 7 students discuss current events from the editorial section of the newspaper.

World history, now an elective course, will be required in the fall semester of 1962. This course deals with the study of ancient man in the early days of civilization and his progress in the world until present-day times.

Included in this course is a study of early rulers and how they built up the individual countries.

Many of the history classes are being enriched by the addition of new maps and projection equipment. Films are being shown more frequently than ever before in the classes and, according to teachers and students alike, they have fulfilled the purpose well.

A Modern Mathematician . . .

Mr. Brownell is illustrating the different forms and shapes of polyhedrons to Lawrence Scott, Richard Dixon, Judy Byerly, Mary Johnson, and Carol Trickey, a few of his geometry students.

Mathematics is more exciting since the new math machine was installed during Christmas vacation. The problems, when projected on the screen, are seen better than when they are written on the board. This new addition to East has proved a success.

Mr. Storer's math students curiously watch the results of what Mr. Storer is writing on the new math machine.

In other classes, students are making such things as models of solids, polyhedrons, cones and cylinders. This makes the line drawings in the text come to life so that students can investigate the relations and measurements of these figures more easily.

Future Scientists at Work . . .

Mr. Hand is showing Carol Short and James Day how to use the microscope.

Not only have 12 new microscopes been added to the science department, but Mr. Hand has added the new topic of "Atomic Energy and Its Uses of Research" in Biology in his classes.

Mr. Rathert has adopted a completely new way of

John Borg is demonstrating the oscilloscope, a machine used to study electric currents, to Marsha Smith, Bill Ash, and Fort Aspengren as Mr. Rathert looks on.

teaching his physics classes. This semester he is teaching it as a problem solving type of laboratory experience in a series of integrated films to supplement the text material. Students find it to their advantage to take these courses in high school.

Business World in the Making . . .

A comparison is shown by Dick Hollands between the longhand method of writing and the new speed method of notehand.

Progress is highlighted in the commercial department by the new addition of notehand. This new course introduces far more than a system of fast writing. It teaches how to take and use notes and offers suggestions on more efficient study habits.

Learning the care and use of office machines is one feature of the typing classes. Here Mr. Wanek explains the duplicator to Carol Ervin.

Mr. Wanek's advanced shorthand classes have been using the new teletrainers. A telephone company representative demonstrated the use of these two telephones, which are used to familiarize the students with telephoning methods.

Experience is the Best Teacher . . .

Gerald Salyers demonstrates his ability to sell a Quill ad to Pat Roach, head of the Stationery Department at Younkers.

Denny Phillips is shown checking the stock in the Stationery Department at Younkers, where he is employed under the distributive education program.

Establishment of new teaching techniques is inevitable. Within recent years, this new change has come in the form of distributive education. This course offers on-the-job training for students who can meet the following qualifications: senior in high school,

grade average of three, regular attendance, and a willingness to work.

In the morning, along with other classes, a D. E. student spends one hour daily in a distributive education class studying subjects such as job orientation, advertising, business services, and display.

Mr. Mommer is examining a car plaque, which is one of the projects made in metal shop. John Mackin and Jim Winget are looking on.

Building the Future

There are many things we could say with reference to the Industrial Arts Department.

The teachers are helping the students to develop (1) an appreciation of design and quality in manufactured products; (2) usable skills that can be put to use in the home as they pertain to industry; (3) the ability to read blue prints; (4) safe work habits, and proper care of tools; (5) to develop in each pupil interest in the methods and problems of industry. The knowledge gained here will prove very helpful to these students in their future lives.

With the Stroke of a Brush

The Arts and Crafts department is growing every year. There are many fields of art in which the student may concentrate, one of which is Contemporary Art. The Art department also creates the scenery for our school plays.

Students enrolled in Crafts 4 work with the Lapidary machine, which is used to cut and polish stones. After the stones are cut and polished, they are made into jewelry by the students.

The new Lapidary machine located in Room 305 is being operated by Margaret Spagnolo and Bill Starkey.

Future Homemakers

Laying a foundation as future homemaker, the girl of today must prepare herself for many activities. Specialized courses in cooking, sewing, home-management, and interior-decorating have been designed to help her. She learns to cook well balanced meals, budget her money efficiently, and decorate her home effectively.

The Family Relations course, offered to boys as well as girls, gives students an opportunity to understand marital problems.

Linea Creek, Jan Grant, and Martha Davis (left to right) model the clothing they made in Homemaking for spring and summer wear.

Joyce Davis shows correct position for holding the bowling ball, while Dennis McGavran shows correct position of throwing the ball.

Healthy Body, Healthy Mind

A new feature that has been added to the Physical Education Department is the school-sponsored mixed bowling.

Showing students in Physical Education how they compare physically with other students nationally has been stressed in the physical fitness tests. Exercises, including sit ups, squat thrusts, and pull ups are included in the tests.

Students participate in dancing and self-improvement units placing value on continued exercises after the student graduates.

Using "fair play" as our motto, we develop leaders.

Quiet! Working

Industriously working fourth period every day is the Quill Staff. They begin by making a page layout, which means that they must decide size of pictures and placement on the pages. The next job is to make out picture cards. These take care of the picture sizes desired. Writing the copy follows. Last, but by no means least, is sizing pictures. Finally comes the thrill of sending the Quill to press.

Setting The Pace

MR. NEAL
Adviser

Through the years the Student Council has been the pace setter for the students of East High. The Council's primary aims are to keep the school in top working order, to strive toward more pleasant school surroundings, and to make East High a more enjoyable place to work and play. Working with Mr. Neal, the adviser, the Student Council has had numerous campaigns. These include the March of Dimes Crutch Sale, keeping the halls clean, and improving cafeteria conditions. Social life is another area in which the council excels. All school parties, after-game parties, school assemblies, and other social functions are made a success by the help of the Student Council. The All-City Council is a new branch this year. Studying city juvenile problems is this group's main objective. East High's All-City consists of two representatives from each grade. It is an honor and a privilege to serve in such an active and worthwhile organization as the East High Student Council.

One of the best representatives of East High is the A Cappella Choir. Through the efforts of Mr. Williams, we have had two exchange assemblies, one with North and one with Roosevelt. The choir has represented East in both of these exchanges.

Smaller groups from the choir sang on several occasions in March. On the twentieth they sang for our own P.T.A. The East Des Moines Kiwanis Club was entertained on the twenty-second.

For the Spotlight Parade, the choir sang selections from "The Music Man."

The choir also gets together to have fun in ways other than singing. After the Consistory performance, they held a toboggan party. This month they will hold their annual barbecue.

Learning Thru Doing

CADET TEACHERS: As part of their four years of schooling, these future teachers are learning how to "put up with" students with the advice of members from our faculty. **Top:** Mr. Mazza, Mr. Cross, Mr. Shoemaker, Miss Kraeger, Mr. Hammant, Mr. Findley, Mr. Kern; **Bottom:** Mr. Chung, Mrs. Shirley, Mr. Kester.

Wardrobe Girls

WARDROBE GIRLS: Do you know where all of the wild costumes come from that are used in our assemblies? Our wardrobe department contains many unusual costumes. The girls pictured above help keep track of and repair the outfits. Miss Graham (adviser), JoAnn Mercer, Zona Erickson, Linea Cree, Lynette Anderson.

While cadet teachers are learning how to cope with their own student headaches, a student teacher may be a life saver for a teacher. The wardrobe girls and attendance helpers are helping in other matters. We don't see much of the people pictured on this page, but their services to East are invaluable.

Busy Bees

ATTENDANCE HELPERS AND SUPPLY GIRL: Barbara Krebs our supply girl, not only supplies to the students, but also must keep track of what is sold, to always keep in supply what is needed. The attendance helpers are those who spend part of first hour collecting homeroom teacher's attendance lists. **Top:** Denny Peterson, LeRoy Shannon, Jim South; **Bottom:** Harold Townsend, Barbara Krebs.

Electricians

ELECTRICIANS, MOVIE AND P. A. OPERATORS: Without the assistance of these boys, there would be no noon movies, and our assemblies would not go so smoothly if it weren't for the operation of the P.A. system. **Row 1:** Richard Lewis, Sylvester Strother, Lee Booton; **Row 2:** Carl Clair, Steve Blair, Steve Gleason, Dean Whiting.

The students of East High owe a big "Thanks" to the many people pictured on this page. How would you like to bring a sack lunch to school each day? How would you like to wade through paper-cluttered halls? Surely no one would enjoy these inconveniences. So to you we say **Thanks!**

Cafeteria Helpers

CAFETERIA HELPERS: With the help of the students pictured above, the cafeteria is run in a smooth and orderly way. **Row 1:** Janet Prince, Alice Earle, Margaret Murphy, Winifred Roberts, Carolyn Fuchs; **Row 2:** Diane Finderoth, Pat Smith, Sheryl Plumb, Kay Howland, Helen Barker.

Custodians

CUSTODIANS: Can you imagine the mess the school would be in if it weren't for our custodians. Students owe a vote of thanks to the custodians for not only keeping East High neat but for helping many of us open those stubborn lockers. **Row 1:** Mrs. Boatman, Mr. Lacy, Mr. Robinson, Mr. Spoonholtz, Mrs. Copeland; **Row 2:** Mr. Highshoe, Mr. Hawkins, Mr. Parker, Mr. Brown, Mr. Merkley, Mr. Moore; **Not Pictured:** Mr. Darnell, Mr. Wilson, Mr. Tillman, Mr. McCracken.

Athletics

Divided into two areas, the sports section consists of boys' sports and girls' sports. Its purposes are to provide a permanent record of the related seasons, help students better understand some sports, and give recognition to the students and coaches in our athletic programs. Displayed in the section by each sport is the monogram, one of the driving forces that cause the loyalty and devotion present in all athletic programs at East High.

"He puts in more over-time than any other teacher at East High." This was a remark of our vice-principal when speaking of Mr. Bill Neal. Most of this time is taken up by his work as Athletic Manager. He hires officials, schedules events, heads ticket sales, arranges meals, and procures buses.

VARSITY BASKETBALL: These boys are pictured with the usual starters in the front row. Row 1: Pete Bell, Dick McKibbin, Brian Ford, John Nash, Jerry Smith; Row 2: Tom Whitney, Richard Emery, John Erickson, Dick Thissen, Jim Schuttinga, Bob Nelson, Walter Lee, Steve Rominger, Denny Dennis.

Coach Carlson demonstrates ball handling to Jerry Smith and Brian Ford.

The East High Basketball Team's record of seven wins and twelve losses does not show the true spirit and effort the team put forth. The team averaged about 56 points a game, exactly what their opponents averaged against them. In the first round of the district tournament, East met Tech, a team that had previously beaten East in overtime performances. Three overtimes elapsed before East met defeat in her final game of the season.

Basketball

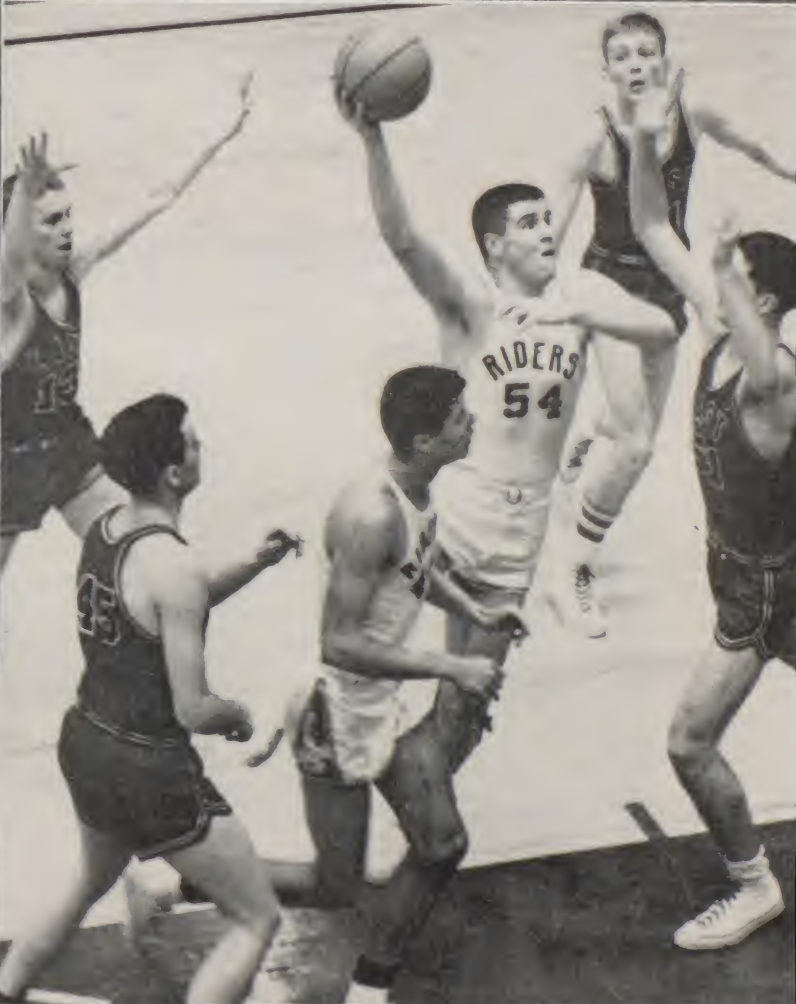

The Sophomore Basketball Team came out of their season with a record of seven wins and seven losses. Ankeny, Saydel, Fort Dodge, and Dowling supplemented their usual city opponents. Averaging forty-three points a game, the team gave all opponents a good fight and, only in two games were beaten by more than seven points. This experience sharpened these sophomore members and undoubtedly will affect their performance next year while several members earned varsity points in Junior Varsity and Varsity games.

RESERVE BASKETBALL: Scrapping their way through a tough season, these boys fought well and hard. Row 1: Harlan Wicker, Ronald Fillman, Marvin McGuire, Steve Gleason, Herb Larsen, Dick Patterson; Row 2: Joe Hill, Brian Nielsen, Jerry Bassett, Norman Brown, Gene McCoy, Mike McLain, Alan Smith; Row 3: Larry Cox, Mike Milligan, Dave Myers, Denny York, Tom Bergstrom, Lynn Mains, Clint Vonk.

Steve Smith watches as Coach Johnson gives Herb Larsen a pointer.

TENSE MOMENT? Probably. There were plenty of them for Coach Hand this year, but they all added up to excitement, rewards, and a very successful season.

Wrestling

19

The City Series co-championship was one of the many rewards this year's wrestling team brought back for East High. The team was enjoying a remarkable season until it was stopped by highly ranked East Waterloo, after winning the first nine meets. The team wound up with a 10-3 record for the year.

Heavyweight Ted Tuinstra is shown in action at the state meet in Cedar Falls against Bob Casey of Iowa City. Tuinstra won and went on to win the state championship.

VARSITY WRESTLING: These boys are the representatives of East High and worked hard all season to produce one of the best teams in the school's history. From left: Greg Waltz, Gary Calhoun, Bill Cook, Mike Waltz, George Wishman, Ted Tuinstra, Aaron Meline, John Bishop, George Shade, Mike Topp, Roger Day, Kirk Gay.

ty Co-Champs

62

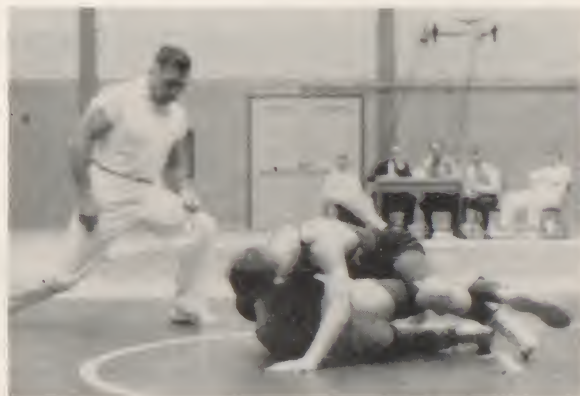

Kirk Gay and Ted Tuinstra were the most productive members of this year's wrestling squad. Besides being the two highest point-getters, Kirk finished third in the state meet at 95 pounds, and Ted was heavyweight state champ.

The District Meet provided many thrills for East fans. Kirk Gay is seen in action against Bob Baniqued of Tech. Kirk won and went on to gain third in the state.

The coaches' jobs are many and varied. Mr. DeMouth is shown here checking the weight of Bill Cook. Coach DeMouth worked hard with the team this year and helped our reserves to a highly successful season.

RESERVE WRESTLING: These are the hard working reserves who, through hard work and self-denial, have compiled a very impressive season. They are the bulk of next year's varsity team. **Row 1:** Jay Turner, Kelly Gillaspay, Van Tuinstra, Tom Peddicord, Jerry Reed, Ken Deering, Tom Hawkins; **Row 2:** Jack Mohr, Bob Arendts, Wayne Shutt, Dan Grasso, Dave Wilkinson, Mike DeMarchi, Dan Dale, Harold Sullivan; **Row 3:** Bob Wallace, Dennis McGavran, Larry Rainwater, Mark Drew, Don Alm, Carl Clair, Bob Hensler.

Varsity Baseball: The following are the boys that have and still are working hard to give East a championship team. Row 1: Terry Watson, Gary Calhoun, Rick Brown, Ed Brady, Tom Whitney, Jack Savage, Ben Tillotson, Gary De Schmidt; Row 2: Joe Davidson, Dennis Phillips, Levi McGuire, Dick Jones, Claude Dixon, Allan Rauch, Kent Flanagan, Coach Savage.

Baseball

Summer is here again and it is time to begin saluting our summer sports. One of the most popular sports here at East is baseball. And why not? Baseball is filled with excitement and tense, thrilling moments. This year, as always, we look forward to another great season. Under Coach Savage, our team will prosper and rise above the group to distinguish itself on the playing field.

Coach Savage feels that through personal demonstration the team can learn more easily and more thoroughly. The two players are Denny Phillips and Rick Brown.

RESERVE BASEBALL: Represented with their coach, Mr. McAdam, these boys work hard and long for the glory of East High.
 Row 1: Clint Vonk, Doug Herron, Don Goode, Danny Crawford, Tom Wheeldon, Mike Currier, Alan Smith, Tom Manuel, Joe Hill, Gene McCoy; Row 2: Coach McAdam, Mike McLain, Lawrence Scott, Herb Larsen, Mike Topp, Ron Fillman, Marvin McGuire, Jim Nicholson, Dick Patterson, Ken Vestal, Lincoln Brown.

STUDENT MANAGERS: Everyone at East knows Gus Rump and the big part he plays in organizing athletics. Here he shows the student managers some equipment. **left to right:** Paul Stanger, Kenny Deering, Tom Manuel, Richard Simpson, Gary Mathern; **In Front:** Ken Cockayne.

The reserve baseball team of East High is very well known among the schools of Des Moines.

Through hard work and sportsmanship, we know that people will still look to East as an example. These boys will make up our varsity team next year, so we must all help to give them confidence and spirit by attending the games.

Swimming Team

These are the record-breaking strokes of Larry Doescher and Larry Van Sickle.

The gun sounded and the team was off, off to finish the best season they've had in years.

New school time records in the 100-yard backstroke, 100-yard butterfly and the 200-yard medley were set by Larry Van Sickle, Ralph Penley and Larry Doescher respectively.

The team competed in eleven events. They were the 400-yard free-style, 50-yard free-style, 100-yard butterfly, 200-yard free-style, 100-yard backstroke, 100-yard breaststroke, 100-yard free-style, one-meter diving, 200-yard individual medley, 200-yard medley relay and the 200-yard free-style relay.

Chosen team co-captains this semester were Larry Doescher and Gary Miller.

The Girls' Recreation Association (G.R.A.) at East is composed of approximately three hundred girls participating in a wide variety of sports. This semester the girls participated in folk dancing, league and open bowling, juggling, trampoline, basketball, tennis, golf, Synchronettes, drill team, majorettes and flag twirlers.

There is one monogram that can be earned through an accumulation of points in any of the combined activities.

Synchronettes

"A patch over his eye, his wooden leg, and a cutlass hanging at his side. Yes, my great grandpappy cut a fine figure of a mouse."

This came from the Synchronettes' show, this year entitled "Disneyland Aquativities."

Each group in the show is responsible for their own music, routine and costumes. Practicing from 2:00 p.m. until 5:30 p.m. is all part of the show.

seniors. We were there to be measured for our caps and gowns by Mr. Robert Cooper, a representative of a cap and gown company. Despite the early hour and Mr. Cooper's broken arm, things went smoothly. This might be due to his competent and able assistants Ted Bergstrom and Bill Cook, who measured heads, and Linda Thorsheim and Jan Schlaser, who dutifully recorded measurements called to them by Ted, Bill, and Mr. Cooper! The last senior was measured at 8:10 and everybody staggered to classes, eyes half shut.

Congratulations Seniors

Dear Diary,

Another early morning! The starting time for the Senior Breakfast was 7:15. Now some people might think they saw us in the cafeteria, but ask any senior and he'll tell you we were in the North Woods eating Pine Sap, Bunyan's Crumbs, Dried Chips, Buffalo Meat, and Lumberjack's Brew. Then two hardy woodsmen, who looked surprisingly like Kirk Gay and Mike Waltz, came by. There seemed to be some kind of disagreement between

CONSIDER... A CAREER ...NOT A JOB

When looking ahead to your business life, you want to think beyond just a job. Consider the kind of business career you want and judge the qualities of the company which is a part of that business. Life Insurance is a good business and the Equitable Life of Iowa is a good company — offering so many opportunities for the career man or woman.

Look into the Equitable, and you'll find all of the so-called fringe benefits offered by business generally, plus some that only Equitable has for you. Most importantly, there are so many phases of life insurance

work that your opportunities for advancement and permanency are limited only by your own ability. In the Personnel Office, 1105 Equitable Building, you'll find Miss Pat Bush—discuss with her all the opportunities that exist for you at the Equitable—you may choose your career right now.

Dear Diary,

Tonight, the senior girls of East High School learned how much there is to the fellow's role in dating (gobs more than we suspected), for tonight was Spinsters' Spree. Each "spinster" had to ask for the date, pick him up, hold doors for him (I kept forgetting), and take him out to eat. Also, we had to construct a corsage, either funny, appropriate, or

The entertainment included senior choir members singing "April Showers" (the theme); and Judy Funderburk and Tom Whitney doing a funny skit entitled "It Was You," a take-off on all the silly memories a couple shares. To end the program,

Sue Wimber and Denny Grant did a soft-shoe dance while "Singing in the Rain."

As I mentioned before, Diary, we spinsters took our dates out to eat after the party and many a boy nearly died of heart failure because the girl behind

the wheel of the car he happened to be riding in didn't live up to his standards of an excellent driver! Oh well, it was a fun-type evening anyhow and I do believe all spinsters got their dates in all safe and sound and at a reasonable hour (well, fairly reasonable).

Dear Diary,

If a visitor had dropped into the East High student center tonight he would have gotten quite a shock for there could be seen Mammy Yokum, Peter Pan, Captain Hook, Jack and Jill, Little Bo Peep, a robot, and other not too run-of-the-mill type characters. The event was, of course, the Senior Specialty Party, whose theme this year was "Fantasyland."

To begin the program, Masters of Ceremonies Denny Grant and Ed Brady introduced Mary, Mary, Quite Contrary and Flowers who sang "Over the Rainbow." Following this a group of rough characters were seen in wild pursuit of "South Side

Charlie" in a skit about South Chicago. The Hybrid Pantomimers (Gary Mathern, Terry Kirton, Bill Cook, John Borg, and Dave Johnson) then took the stage in their blue jeans and sweat shirts with their tales of a Cadillac, a Rambler, and a hot-rod Lincoln.

Costumes were judged as to the funniest, most original, and the best representation of the theme. Winners were Mammy Yokum (Joyce Strode), Aladdin and his Princess (Gary Nepsted and Mary Ballard) and Mary, Mary, Quite Contrary and Flowers

Dear Diary,

East High owes the weatherman a big "Thank you" for the sunny afternoon we had for our May

Festival; "Ol' Sol" shone brightly from beginning to end. Cardinal Denny Phillips, Queen Charlotte Hendricks, and their court almost stole the show from the many beautiful floats and funny skits.

Dear Diary,

Tonight I sailed on "Moon River," a most wonderful and romantic ride. Our boat (the student center) was decorated in red, white, and blue, with glittery life preservers, anchors, and water scenes. It was our Junior-Senior Prom, the most formal occasion of the semester, and all who attended looked quite lovely or quite handsome in keeping with the event. Mistress of Ceremonies Linda Webb
